E. Garland, HydroQual
M. Goodman, Ciba
M. Houlday, WWC
R. McLain, PTRL
D. McIntyre, Ciba
J. Unsworth, RIDEM
VDEC12MET

**DIRECTIONS TO WOODWARD-CLYDE'S
BOSTON OFFICE
(From Logan Airport in Boston)
(617) 863-0667**

When traveling to our office, you have three alternatives, depending on your familiarity with the Boston metropolitan area.

Alternatives 1 and 2 are the easiest and generally the fastest. Alternative 3 is shorter in mileage and more scenic, but more complicated.

Alternative 1 via Route 93 North

Exit Logan Airport and follow directions to Boston. This will involve passing through the Sumner Tunnel under Boston Harbor. When you emerge from the tunnel, follow the ramp onto the central artery that is labeled Route 93 North. Work your way to the left lane and follow signs to stay on Route 93 for about 10 miles to Route 95 South (also called Route 128). Continue on Route 95 South for about 9 miles to Exit 30B (route 2A west). Bear off to the right. Take the second possible left, for Minuteman Technical High School and One Cranberry Hill Offices. A stone placard directs you to the parking areas of One Cranberry Hill on your left. We are on the first floor which is one floor below the main entrance lobby.

Alternative 2 via Massachusetts Turnpike

Exit Logan Airport and follow directions to Boston. When you emerge from the Sumner Tunnel stay left and follow directions to Route 93 South -- the central artery. Follow 93 to Mass Turnpike/Route 90 West. Proceed 10-12 miles to Route 95 North (also called Route 128). Take 95 to Exit 30 or Route 2A. This exit initially handles both 2A east (to East Lexington) and west (to Lincoln Concord). Go west by passing under 2A and rounding up to it. Take the second possible left, about 1/5 mile on 2A, for Minuteman Technical High School and One Cranberry Hill Offices. A stone placard directs you to the left to our building. We are on Level 1 which is one floor below the main lobby.

Alternative 3

Exit Logan Airport and follow directions to Boston. This will involve passing through the Sumner Tunnel under Boston Harbor. When you emerge from the tunnel take the ramp up to the right and onto the central artery which is labeled Route 93 North. Stay to the right and take the second exit off to Storrow Drive. Storrow Drive will take you along the Boston side of the Charles River with views of MIT and Harvard on the right and Boston University and the Harvard Business School on the left. Bear off to the right and cross the Charles River when a sign directs you to Route 2/Fresh Pond. Follow Route 2 signs along this winding narrow road. You will eventually pass left around a rotary, right around another, go over a bridge and bear left through a final light onto the divided highway portion of Route 2. Take this to Route 95 North (also called Route 128). Take 95 North one exit to Route 2A (exit 30b). This exit initially handles both 2A east (to East Lexington, exit 30A) and west (to Lincoln Concord, exit 30B). Take the second possible left, about 1/5 mile on 2A, for Minuteman Technical High School and One Cranberry Hill Offices. A stone placard directs you to the left to our building. We are on Level 1 which is one floor below the main lobby.

Hotels in the vicinity of Woodward-Clyde's Boston office.

Sheraton Tara - Lexington Inn

(617) 862-8700

Right across from the office.

Ramada Inn

(617) 275-6700
